

3-D Paper Flower Craft

Materials:

- white construction paper
- green copy paper
- colored muffin/cupcake papers
- glue sticks, markers or crayons

Prep:

- cut white construction paper in half (or not)
- copy leaf shapes on green paper and cut out
- cut corresponding stems (green paper)

Craft:

- glue stem, leaves onto white paper
- glue 2 paper cups onto the top of the stem to form the flower (one cup inside the other)
- make little dots in the middle of the flower (seeds)

You can color in grass, sky, clouds, etc.
You can use balled-up green tissue paper for grass and cotton balls for clouds.
You can add birds, worms, rainbows... whatever you like...especially if you use a whole sheet of background paper. You may make more than one flower as well.

Have fun!
