

## Announcement: 2018 Resource Sharing Symposium

The CDLC Resource Sharing Symposium (formerly known as ILL Field Day) will be **April 27, 2018 at Guilderland Public Library**. Registration is not open yet, but please save the date.

## CORS Updates

Kate Seidlinger from Troy updated us on her participation on the CDLC Committee on Resource Sharing (CORS). The CORS charge is "to advise CDLC and its members on those activities which relate to its resource sharing programs and services" (and ILL comprises a big part of that picture).

If you want more information on CORS, the committee has created a great LibGuide:

You can view CORS minutes here: <https://cdlc.libguides.com/cors/minutes>

## CaDiLaC: ILL across CDLC

Any UHLS library can place an ILL request via [CaDiLaC](#), CDLC's union catalog. We are happy to facilitate any ILL request via CaDiLaC or OCLC for you, so if you are not sure about how to go about making an [ILL request](#), feel free to contact us. Email us at [uhsill@uhls.lib.ny.us](mailto:uhsill@uhls.lib.ny.us) or give us a call at (518) 437-9880, x231 (Diane); x243 (Anne); or x225 (Deanna).

It's also super easy to use CaDiLaC yourself. You can update your contact information for the CDLC ILL eForm here: <http://www.cdlc.org/index.php/component/ill/?task=requestselector> (Your user name and password is your four-character code).

In CaDiLaC itself, you will click the "staff request" button for the item you want to borrow and the eForm will pop up.

## CaDiLaC Updates

Last year, Emily Wager of CDLC shared the new and improved Staff Request feature for [CaDiLaC](#) that autofills your contact information etc. on their eForms. This year, we learned that there is now a database running behind the eForms that logs our requests:

My Requests  
(sent)

My Requests  
(received)

eForm requests sent by Upper Hudson Library System

Loans

(Modified to omit email addresses and locations)

This improvement will eventually enable us to easily collect stats on our CadiLaC activity.

Want even more info about eForms? Emily has created some great tutorials:

Additional CaDiLaC information will be forthcoming on the CDLC-L listserv. Join [here](#).

## CDLC and Empire Library Delivery (ELD)

Emily updated CDLC's regional and statewide delivery information on their website: [http://cdlc.libguides.com/cdlc\\_delivery](http://cdlc.libguides.com/cdlc_delivery)

**Using ELD to return ILLs:** The big thing to keep in mind is the [roster](#) of libraries that participate in Empire Library Delivery (ELD). You can route ILL materials (even if you borrowed them via OCLC/WorldShare) to these locations via delivery--just place the item in a zippered pouch and **label it UHLS**, and make sure you have indicated inside the pouch where you want the item routed.

This will for sure save you some \$ in postage, but please keep in mind ELD is definitely not FedEx--you should mail any time sensitive materials.

## Direct Access Program

The CDLC [Direct Access Program \(DAP\)](#) enables patrons to directly borrow materials across library types within CDLC. CDLC has done a lot of work to help us clarify the restrictions we can set: DAP "is available to current faculty, graduate students, undergraduates, professional and research staff of participating institutions, **serious researchers through their public library**, and selected high school students. The card is non-transferable."

A "serious researcher" is defined as:

"A faculty member, graduate or undergraduate student, corporate researcher, health science professional, lawyer, teacher, writer, genealogist, or advanced studies high school student who need to have broader access to regional collections in order to complete research."

If you have questions about DAP (including how to update your contact information and/or lending restrictions in the [DAP directory](#)), contact Emily at [ewager@cdlc.org](mailto:ewager@cdlc.org).

### **Additional info from the small library training:**

#### **New Processing Procedure here at UHLS**

We'll send out an email with all the fabulous details, but the exciting news is that Anne and Diane are willing to process incoming ILLs with a barcode here at UHLS--you will still have to check the items out to the patron, but this will eliminate the step of having to create a dummy record yourself. Stay tuned for information about how to opt in--we will start this service in January, 2018. And—give a shout out to Anne and Diane for their work elevating ILL services at UHLS!

#### **ILL is a key UHLS Service**

Bottom line for smaller libraries: Even if you think it's an obscure request, send it our way. We will do our darnedest to get the info your patrons need into their hands. We enjoy tracking down books and articles for you and your community members--so please, keep those requests coming!

#### **Thank You**

Thanks to Emily and Kate for sharing valuable info with us, and to Diane and Anne for all their ILL efforts. And--

Thank you to everyone who works on ILL, from those who take the requests to those who manage the lending and borrowing of materials. ILL is a valuable resource sharing service and it would not work without everyone's participation and contributions.
