

The attached screenshots should help any interested parties with configuring the Evanced SRP tracker for quests instead of minutes read. If people want to play around from the patron side of things on my minimally set-up SRP profile on Evanced, they can check out <https://ny.evanced.info/eastgreenbush/sr/homepage.asp>

There are two usernames already registered:

This one is set up to track minutes read:

UHLS

1234

This one is set up to track quests completed:

UHLS2

1234
