

## Duct Tape and Rubber Band Message Board Craft: Grade 8 plus

The chic Duct Tape and Rubber Band Message Board is a great project for a teen or tween room. The large variety of duct tape patterns and colors will make it possible to accent any room.

### Supplies

Duck tape

Corrugated cardboard

Jumbo rubber bands

Dollar store flower

Scissors

Nail Polish Remover (optional)

### Instructions

Duck tape 2 pieces of corrugated cardboard together. Use jumbo rubber bands and embellish with dollar store flower.

Each message board can be coordinated with the room.

Have nail polish remover handy to clean scissors when they get sticky cutting the duct tape.

I have substituted a hand-drawn mask for the flower suggestion in my sample. I wrote "unmask" across the mask. I think any of the clip art for the SRP "unmask" theme could be cut from foam board or cardboard, colored and decorated as wished, and used in place of the flower suggestion.
