Chartered to serve the Village of Castleton, we also extend services to residents of the Town of Schodack. The Library is located in Castleton's historic Village Hall, currently occupying two main collection and service rooms, and a Community Room that is used creatively for programming and community events.

The Library and the Village Hall together serve as a primary civic and community gathering space in the Village and surrounding area. The incoming director will find a supportive and mission-driven staff, Board, and Friends group, and a library that is well-run, well-regarded and well-loved by its community.
