There was a discussion of standardizing the card registration process. Some questions were about out of system cardholders. Some libraries honor out of system patrons and some do not. One idea was to add a statement in the library's circulation policy. Most out of system patrons have a red line under their barcode.

Another discussion was about automatic renewals. Joe will send out loan rules to look at with an input by Oct. 28

Next meeting will be November 10, 2021
