

Cataloging Advisory Council Minutes 11/1/18

Attending: Lisa Bouchard (BETH), Rob Carle (UHLS), Sue Dague (EGRN), Joe Thornton (UHLS)

Cataloging Advisory Council “Most Dedicated Member” Award: There was tie for 1st Place in the first annual “Most Dedicated Member” competition. The winners for 2018 are Lisa Bouchard (BETH) and Sue Dague (EGRN). They showed up to both win and accept their awards. Congratulations to our winners!

245\$h: Rob showed some DVD records that don’t have 245\$h subfields and asked if he should correct them. Sue said that they’re mostly on-order records. Rob will email the Cataloging list about updating the 245\$h on on-order records.

Titles with holds but no items: Rob created a Review File with Create Lists that contains titles that have holds but no attached items and asked the “group” to look at them.

Rob also gave, at Sue’s request, a status update on his plan to clean up the 245\$h subfields for Large Print titles.

Video games: Sue pointed out that some video games still show as CD-ROMs in the catalog. Rob will investigate.

Next meeting: December 6th at 9:30am
