

Cataloging AC Minutes 6/3/2021 (online)

Present: Lisa Bouchard (BETH), Rob Carle (UHLS), Sue Dague (EGRN), Xiaofei Li (APL), Peggy Mello (COLN), Catherine Stollar Peters (BETH), Lisa Pitkin (GUIL), Joe Thornton (UHLS)

Subject Headings:

We continued our work on changing inappropriate and/or outdated Subject Headings, using this [Google Sheet](#) (650\$a fields in our database), this [Excel spreadsheet](#) that contains our suggestions and the status of the changes made by Rob, and a [document](#) created by Catherine to get us started.

Discussion:

- We decided that we will ask III to index all 6xx fields regardless of the values in the second indicator.
- The Irish Question: We discussed whether or not to change this heading. Catherine said that “Question” is the problem, as it is with the “Armenian Question.” Lisa P said that any heading related to colonialism should be looked at. Xiaofei added, “Eastern question.”
- Lisa P said that the June issue of *Library Journal* has an article on this topic.
- Catherine: “Freak shows”
- Lisa P asked that we add any resources (e.g. Colorado, Dartmouth) on this topic to the [UHLS Training Page](#).
- We assigned Subject Headings to individuals to work on. (Sorry, my notes are poor on this. I’ll follow up in July)
