Subject Headings:

We continued our work on changing inappropriate and/or outdated Subject Headings, using this [Google Sheet](#) (650\$a fields in our database), this [Excel spreadsheet](#) that contains our suggestions and the status of the changes made by Rob, and a [document](#) created by Catherine to get us started.

Discussion:

- We sent the signed agreement to III to reindex our database to include all second indicators in 6xx fields.
- Rob: “Please empty old/unneeded Review Files in Create Lists.”
- Lisa P(?) will take “The Irish Question.”
- Xiaofei will take “The Eastern Question.” There are only three records with this heading.
- Lisa B will take “Indigenous Peoples.”
- Joe asked if we want to start meeting in person. Joe forgot the answer.

That is all.
